

Date: 10-27-2014

PROJECT:

Lincoln Ridge 6<sup>th</sup> Addition  
Water & Sewer Improvements  
City Project No. 2014-03  
Mandan, North Dakota

Teco project #: 1263

This letter is to certify that the above stated project is complete, including all addenda, supplementary work and change orders to the project, in a satisfactory manner. Based on our field inspection of the finished project, it is to the best of my judgment that the project was built in accordance with the approved plans, Construction Specifications, and Special Job Provisions within. Any and all field changes to the approved construction plans shall be noted on the as-built Record drawings.

On 8-14-14 a final walkthrough of the project with the city of Mandan representatives was performed. With this walkthrough a punch list was developed with the city of Mandan representatives. As of 10-24-14 this punch list is completed.

Sincerely,

Abrahm E. Ulmer P.E  
Toman Engineering Co.  
Mandan, ND 58554

Attachment: Punch list

Lincoln Ridge 6<sup>th</sup> Addition  
Water & Sewer Improvements  
City Project No. 2014-03  
Mandan, North Dakota

8-14-14

Punch List Items:

1. All valve stems shall be raised/lowered to a grade within 0.5' below to 1.5' below finished grade, after final paving has been performed by Street Improvement Contractor.

PUNCH LIST COMPLETED ON 10-24-14
